

Nordion Environmental, Health and Safety Policy

Nordion is committed to operate in a safe, responsible manner that respects the environment and the health of our employees, our customers, and the communities where we operate. Nordion is committed to meeting or exceeding all applicable environmental, health and safety compliance obligations.

SOUND EHS MANAGEMENT

Nordion is committed to protecting the environment in the communities in which we operate and ensuring safe working conditions and environmental integrity by using a management system and training designed to protect the environment, prevent workplace injuries and minimize risks to human health.

ALARA

Nordion is committed to keeping the exposures to radiation to our employees, the community and the environment as low as reasonably achievable (ALARA), social and economic factors considered.

CONTINUOUS IMPROVEMENT

Nordion is committed to continually reviewing our operations to seek new opportunities for improving our environmental, health and safety performance and promoting safety culture throughout the organization.
