

Nordion (Canada) Inc. Event Reporting
For the Quarter (January to March 2025)

Velocity Incident Number	Event	Status/Outcome
IN-20250206-004*	Missing gasket on Nordion's transport package	A transport package was shipped with one of the gaskets not properly installed. The missing gasket did not compromise the safety of the shipment. To prevent recurrence, a checklist has been implemented to verify all critical packaging steps prior to shipment.

** There was no impact to health, safety, environment or security as a result of these events*
